AUDACITY

There is so much we could say about these 3 great musicians - but most dancers already know the energy and excitement they bring to an event. Don't miss this chance to enjoy their music and participate in the workshops they offer.

ROGER

WILCO

From St Louis and full of surprises. Roger and Bill played at earlier MMISL weekends and we received lots of requests to bring them back

Gaye hasn't stopped dancing since she found contras in 1979. Introduced to the community in St. Louis, she has found dancing wherever she goes. Gaye learned to call contras in Charlottesville, VA and has been traveling to call and dance for the past 25 years. But, then, most of you already know how much fun she is.

GAYE

FIFER

ANDREA

NETTLETON

If you don't already know Andrea, you are going to love her. She now hails from the Washington D.C area, but has called contra and English country dances from coast to coast. Along with her calling skills, she is a creative choreographer, and has written numerous popular dances. This shows itself in the variety and balance in her dance programming.

Our amazing technicians provide the weekend with the great, clear and exciting sound that these artists and the dancers deserve
