 Jamming, open calling and open band opportunities

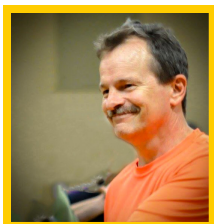

Buddy System: Noah VanNorstrand's driving rhythms and rocking style have made the Great Bear Trio one of the hottest bands in the country. He is joined by Julie Vallimont of Nor'easter, best known for her driving piano style. They will bring their own brand of excitement to the weekend

Uncle Farmer: Ben Schreiber on fiddle and Michael Sokolovsky on guitar. With an Irish and New England sound at its core, the duo is known for its original dance tunes, modern twists on old favorites, and sets mixed with pop rhythms and improvisational flair.

Will Mentor: Will is a favorite contra and square dance caller from northern Vermont. His clear teaching, upbeat wit and relaxed stage presence has been featured at many exciting dance weekends all over the county. A graduate of Wash U, we welcome him back to St Louis.

Jim Hemphill: Jim developed his calling and choreography skills in St Louis. His creative and exciting dances are being featured by top callers all over the country. You are going to love his innovative programming and friendly delivery.

Welcome to our 3rd annual weekend. The first 2 were very successful. Each year we listen and work to make the next one even better. Come and enjoy great people, dancing, music, workshops and we will throw in a little ice cream to top it off.
